

Dear Perfect Filaments Limited's Customer,

We would like to advise you that Perfect Filaments Limited has become a Certified Manufacturer of CICLO® powered filament yarn in India. CicLO® technology is provided by Intrinsic Advanced Materials, USA.

Products made with CICLO® fibres bring us closer to eliminating the persistence of plastic microfiber pollution in our oceans and synthetic textile accumulation in landfills.

We value our supply chain partnerships which include close relationships with certified manufacturers of polyester filament yarn and their customers. In order to support the sales and marketing of CicLO® fibres we wish to advise you that a range of marketing collateral is available to support B2B marketing of CicLO® technology along the supply chain and to end brands or retailers.

CicLO® marketing materials include:

- CicLO® Technology marketing presentation.
- One-page CicLO® sales leaflet.
- CicLO® garment hangtags available on application (hangtags are subject to fabric specification approval).

For more information, please feel free to contact a CicLO® sales representative or our marketing team:

- Asia & EU – alastair@intrinsictextiles.com
